

AURELIUS Growth Investments acquires majority stake in Roundliner Gesellschaft für umweltfreundliche Verpackungen GmbH

Acquisition of a majority stake in the context of the previous owner's succession solution

Grünwald, Forst, 17. June 2018 – AURELIUS Wachstumskapital SE & Co. KG ("AWK") acquired a majority stake in Roundliner Gesellschaft für umweltfreundliche Verpackungen GmbH ("Roundliner"), a company focused on development and production of environmentally friendly packaging solutions in the B2B-segment.

AWK will support Roundliner's international growth in the segments of food, pharma, chemicals and cosmetics. The transaction already marks AWK's third investment since December 2017, following the acquisition of the Hamburg-based restaurant and bar chain Bolero as well as the catering provider Better Taste.

About Roundliner

Roundliner was established in 1990. The company develops, produces and markets packaging solutions for clients from the food, pharma, chemical and cosmetic industries. The product range is focused on custom-made industrial liners for transport, storage and production containers. Products are developed in cooperation with clients and are produced in small, medium and large batch sizes. Roundliner is based in Forst, with three production locations including a clean-room in Cheb (Czech Republic). The company employs a total of c. 220 employees.

About AURELIUS Wachstumskapital

As part of the AURELIUS group, AURELIUS Wachstumskapital focuses on buyouts/small and medium-sized succession solutions, on the transfer of business assets of larger medium-sized companies and groups (spin-offs) as well as on companies that have operational improvement potential.

In addition to capital for investment and growth, AURELIUS Wachstumskapital supports the management of companies acquired through extensive entrepreneurial experience, helps to implement growth initiatives and to realise operational potential.
